

POWER YOUR PROSPECTS TO THE NEXT LEVEL

The 7 best reasons to get onboard with VMware certification

Research shows that over half of enterprises will need to modernise their IT landscape between now and 2020 to adopt next-generation applications and IT architectures.* And with most enterprises using VMware to help deliver this digital transformation, VMware experts like you are ideally placed to reap the rewards. But are you in the best position?

With VMware certification you're one step ahead.

1 IMPROVE YOUR CAREER PROSPECTS

By the end of 2019, nearly **70%** of companies undertaking data center transformation will face a shortage of people with the ability to translate business needs into effective IT investments and operations plans. VMware certification is a quick way to stand out from the crowd, and show employers that you have the skills they're looking for.*

2 DELIVER MORE EFFECTIVELY

In a recent survey **92%** agreed that being a VMware Certified Professional can improve your productivity and help you provide a higher level of customer service.

3 GET NEW PERSPECTIVES

Whether you are new to VMware or already have experience, our five certification tracks ensure you'll learn something new. And while you're developing your practical and theoretical skills, you're also achieving qualifications that deliver value to both you and your employer.

4 REACH SPECIALIST VMWARE RESOURCES

Your VMware certification comes with many benefits. As well as recognition for your skills, our portal for certified professionals gives you preferential access to resources, a wealth of experience and insight from other certified VMware professionals, plus you'll receive invitations to beta classes and exams.

5 LEARN WITH RICH MODULAR CONTENT

Each of our five certification tracks fits around your schedule, using a combination of training (recommended and required), hands-on experience, exams and application/defense. Recommended timescales help keep you on track to reach your goals.

6 MEET OTHER PEOPLE LIKE YOU

Once you're certified, you'll get access to an exclusive Community group connecting you to other certified VMware engineers, project managers, and more. And you may be eligible to join the exclusive vExpert community.

7 GET RECOGNITION FOR BUSINESS SKILLS WITH VALUE

90% of business and project milestones are met by well-trained Cloud migration teams compared with **50%** with 'average' skills.*

With VMware certification, you'll have the complete skills a business needs to increase the success rates (and ROI) of their transformation projects, increasing your value to the business, and improving your earning power.
